---

Jeremy, I wanted to thank you for the opportunity to present the FaceFirst system to you last week, as requested I have put together a budgetary quote that includes the 10 camera licenses and the 10 mobile device licenses. I have included the hardware costs as well however we can remove that from the quote if you want to procure the hardware separately. Please let me know if you have any questions, have a great Thanksgiving.

Thank you,

Mark Roylance
